Pride in product and Company on the part of management and employees working together in a sense of friendly cooperation, combined with the interest and support of the people in the community has been the key to our growth. This has brought us from the role of distributor in 1925, manufacturer in 1937 with only one plant and one product, to the position of being one of the world's largest hosiery producers in 1968. Today we make hosiery and related products for men, women, and children under world famous brand names. Our plants are located in the cities shown on the map. We are pleased to bring you this story of progress, because it started in this area.

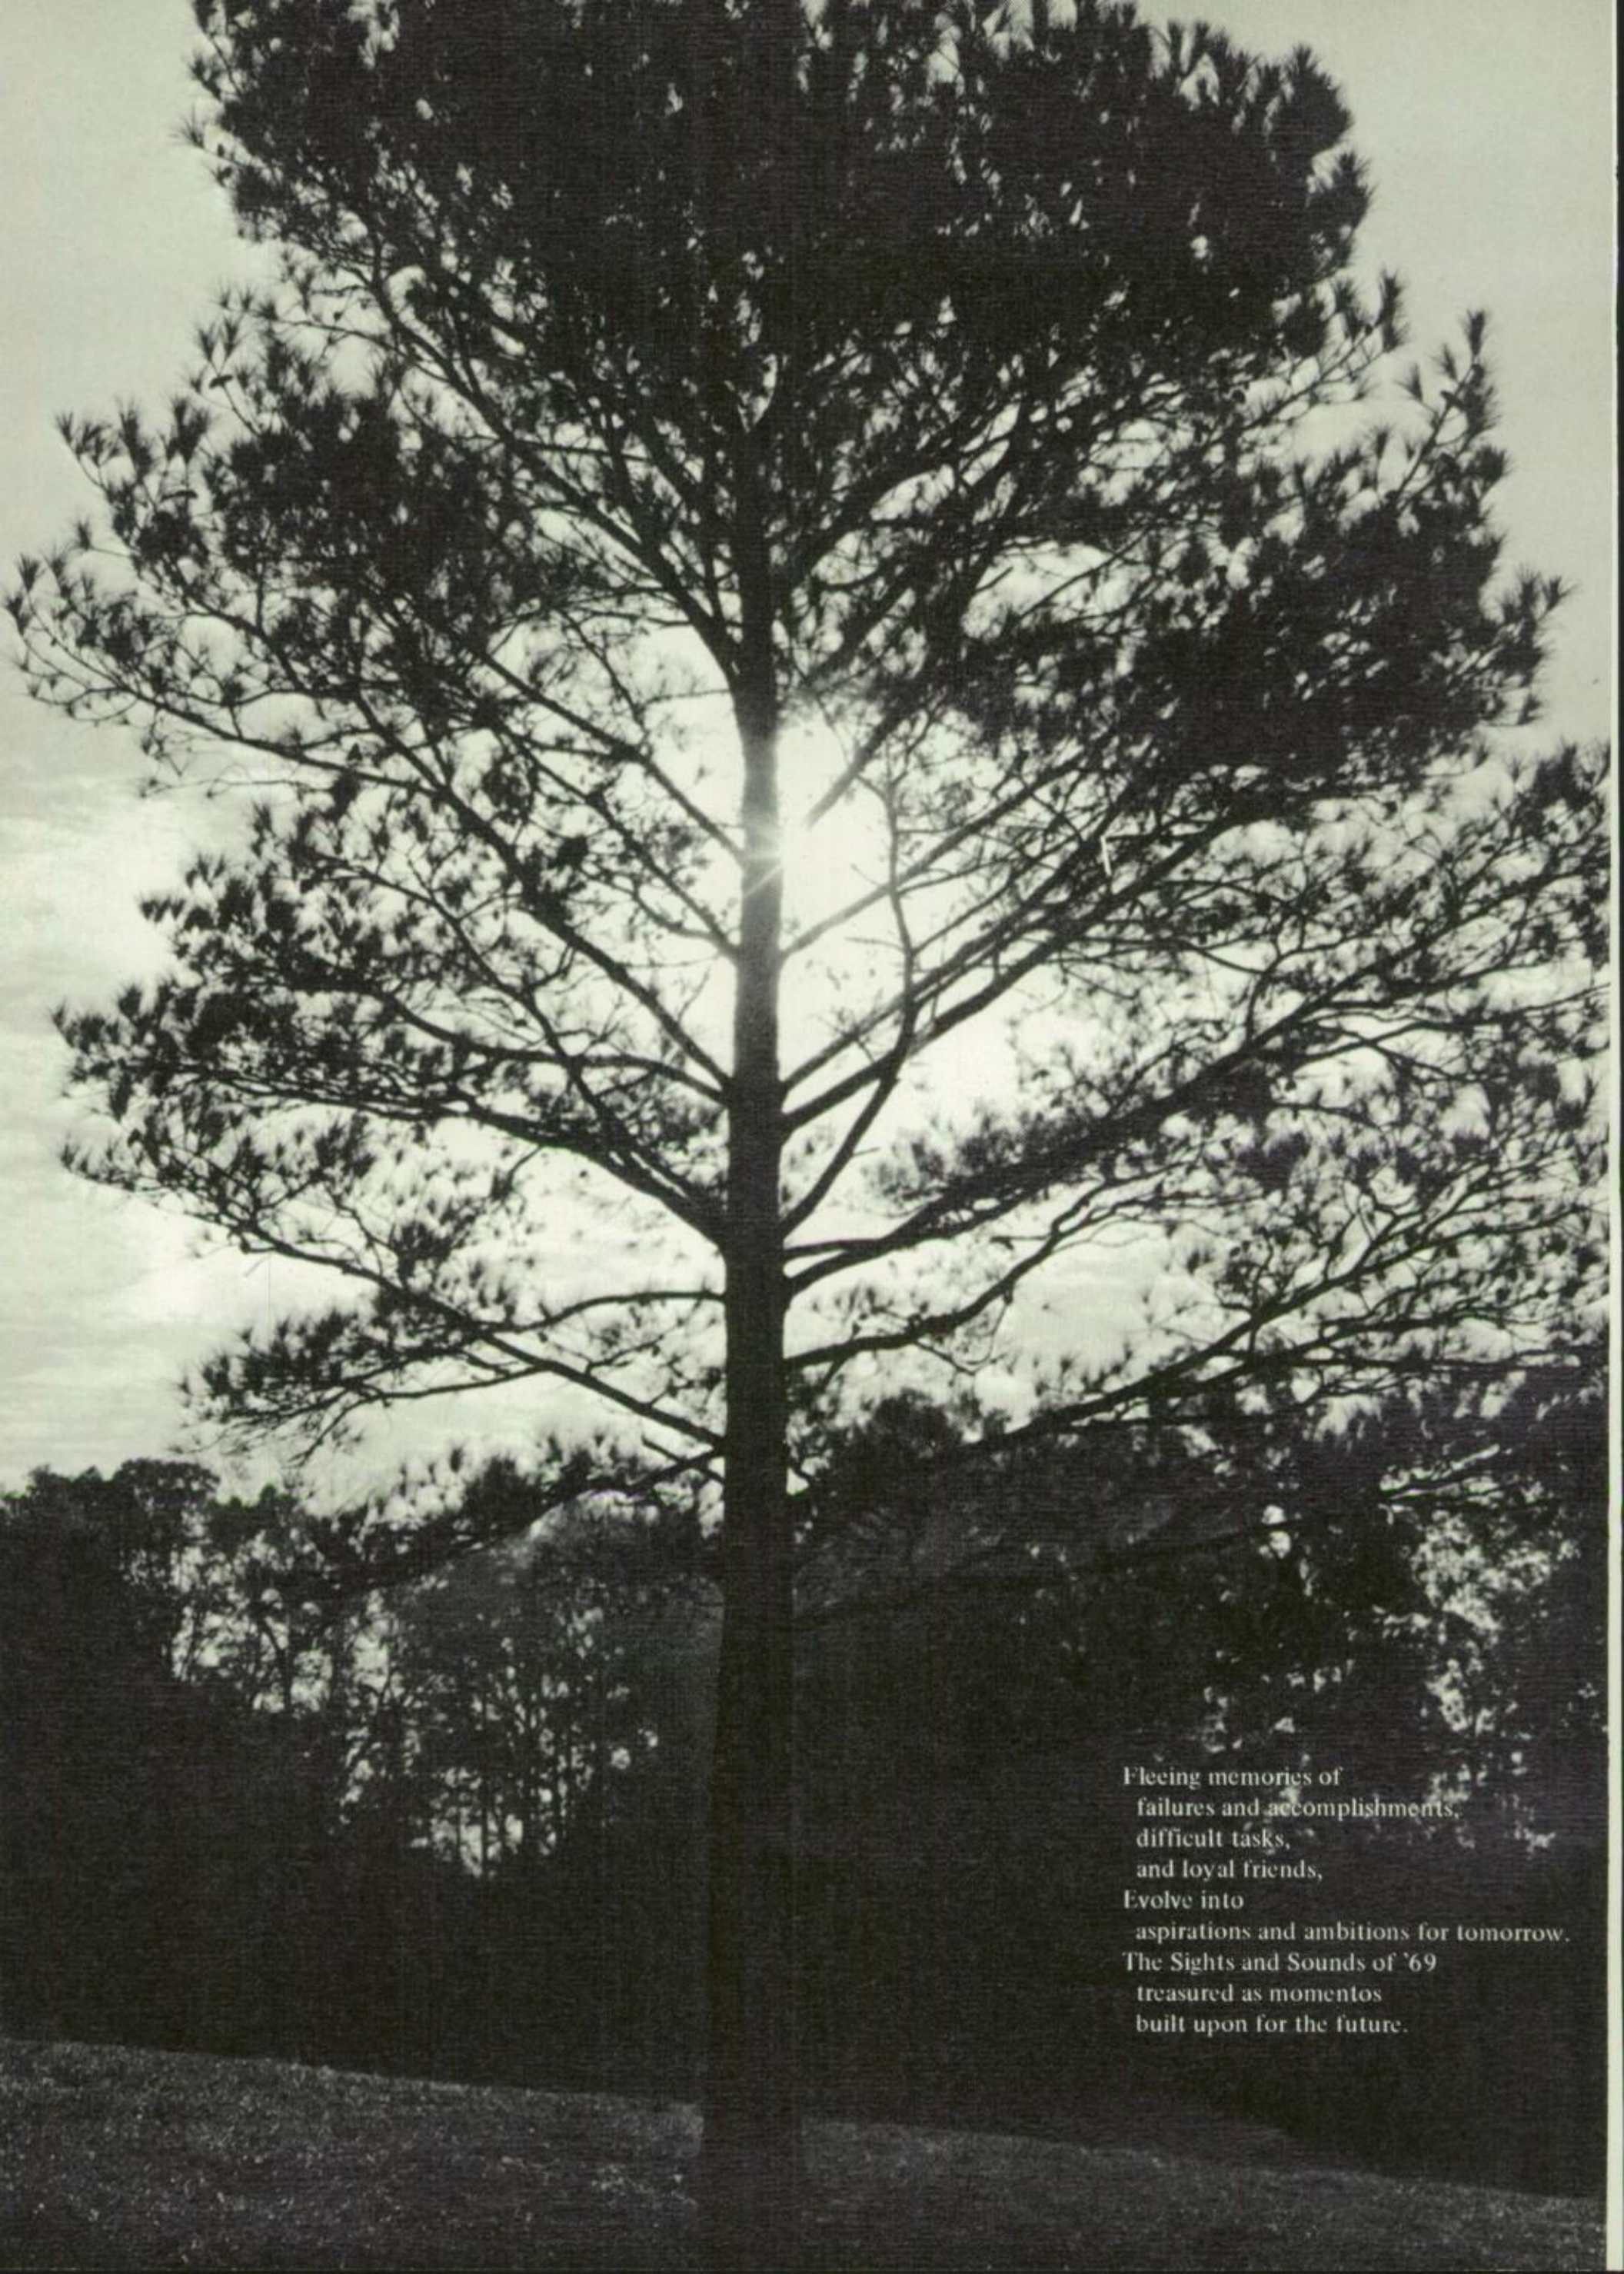
"Wittiest"??????



Fleeing memories of
failures and accomplishments,
difficult tasks,
and loyal friends,
Evolve into
aspirations and ambitions for tomorrow.
The Sights and Sounds of '69
treasured as momentos
built upon for the future.
